

General Plan for COVID safety

Space & Venue/Equipment Sanitizing

1. Venue capacity will be reduced by 50% or more to allow for adequate social distancing.
2. Venue areas will be marked to allow one-way flow of traffic and 6 feet social distancing, including spacing of spectator seats.
3. Designated entry and exit points will be communicated for athletes, coaches, and spectators to ensure a smooth transition in and out of the venue.
4. Hand sanitizers will be located in prime areas of the venue.
5. Venues will have increased sanitizing and cleaning schedules of high contact surface areas.
6. Venues will have signage encouraging good hygiene and social distancing. Announcements will be made throughout the day.
7. Competition and warm up mats will be sanitized with commercial grade disinfectant before every competition, Disinfectant which is EPA approved, protects against viruses and bacteria including coronavirus./
8. To control gathering size. We will notify each session as to when they may enter the venue. Time will be allotted between sessions to allow teams and spectators to exit the venue prior to the next session entering and allow for additional sanitizing.

Athletes

1. Everyone must conduct daily symptom assessments. Symptoms may include fever over 100.3 degrees Fahrenheit or chills, cough, shortness of breath, or sore throat. Anyone experiencing symptoms must stay home.
2. Temperature checks may be required at athlete/coach entrance. Anyone with a temperature of 100.3 will not be allowed to enter.
3. Athletes must wear face coverings at all times prior to entering the warmup area and upon completion of their routine.
4. Athletes will be required to use provided hand sanitizer upon entrance into the warmup area and as they leave the competition floor.
5. Athletes will be required to use provided disinfect for their shoes upon entrance into the warmup area. We recommend keeping competition shoes in athletes' bags until they enter the warmup area.
6. Athletes are required to bring their own separate water bottles into the warmup area. No shared water coolers or bottles will be available.
7. Athletes will place bags in the designated area when entering warm up. The designated area will be sanitized between each team.
8. Athletes will receive their athlete gift at coaches check in or upon exiting the competition floor.
9. Awards may be virtual.

Coaches-

1. Everyone must conduct daily symptom assessments. Symptoms may include fever over 100 degrees Fahrenheit or chills, cough, shortness of breath, or sore throat. Anyone experiencing symptoms must stay home.
2. Temperature checks may be required at the athlete/coach entrance. Anyone with a temperature of 100.3 will not be allowed to enter.
3. Coaches must wear face coverings at all times.
4. We will have a designated area for teams to gather prior to their warmup time.
5. Coaches will be required to use provided hand sanitizer upon entrance into the warmup area and as they leave the competition floor.
6. Athletes will receive athlete gifts at coaches check in or upon exiting the floor. Awards may be virtual. In the event of virtual awards, we ask for one coach to pick up team awards after the final session of their virtual awards at coaches check in.

Spectators

1. Everyone must conduct daily symptom assessments. Symptoms may include fever over 100.3 degrees Fahrenheit or chills, cough, shortness of breath, or sore throat. Anyone experiencing symptoms must stay home.
2. Temperature checks may be required at the athlete/coach entrance. Anyone with a temperature of 100.3 will not be allowed to enter.
3. Spectators must wear face coverings at all times.
4. Spectators must follow all social distancing guidelines at all times and practice good hygiene with proper hand washing and sanitizing.
5. Spectators will be notified through our app when they may enter the building for their session. We ask you to immediately exit the building at the completion of the session to allow us adequate time for proper sanitizing of shared spaces before the next session begins.

Maps/Vendors/Admission/Updated Information

1. Maps indicating designated areas for athletes, traffic flow, walking pathways, etc. will be available on the event page as plans are approved by local health officials and venues.
2. Vendor information will be updated on our site as we move towards online vendors for venues that do not allow adequate space to social distance.
3. Admission information will be updated as we look into online ticket sales.
4. All updated information will be available on the event page.

***** Please note that these guidelines may differ from state to state. Understand also that these guidelines can change without notice as this pandemic is changing the way we live our lives daily. We will do our best to communicate any changes with as much advanced notice as possible.***
